

# Want to **save money**?

# Want to **save time**?

# Want **green energy**?

Let Grosvenor manage your utility bills. We provide your electricity, gas and water supply, as well as waste collection.

## 6%

The estimated amount you will save on electricity bills: we pass on our savings to our customers.

## 40 minutes

The time you might spend on hold to one utility company sorting out your own bills\*. We take away the hassle factor!

Help clean up the air and traffic on our streets with our consolidated electric vehicle waste collection.

For an electricity consumption of 50,000 kWh per year, you would save 21,500 kg of CO2 emissions per year!\*\*

\* Which, 2019

\*\* Based on average CO2 emissions produced by electricity supplied from fossil fuels (Department for Business, Energy and Industrial Strategy, 2018)

GROSVENOR

# FAQs...

## How does Grosvenor beat market energy prices?

We actively procure energy on the energy markets as part of a consortium. This means we can buy in bulk, in the hundreds of millions of pounds a year. We buy same-day energy up to 2 years in advance to ensure we balance the risk of price fluctuations with achieving the best price.

## Can Grosvenor guarantee the energy price?

We cannot guarantee a specific price for our energy, however we can guarantee market-beating prices. On a rolling 12-month period we beat the market by over 6%. We share a quarterly report that evidences this saving and describes market movements.

## Will our energy be green?

Grosvenor's energy comes solely from 100% deep green energy sources, including Grosvenor's own renewable energy schemes in the Reay Forest, North Scotland. We receive annual audited certificates that prove the green origins of our energy.

## Does Grosvenor charge administration fees?

Our policy is zero administration and zero fees. There is no administration necessary for our customers. All our energy supplies are fully smart metered: no readings, no bills, no hassle. Our dedicated utilities team manage thousands of energy accounts for customers and ourselves. We do not charge additional fees for the provision of this utility service.

Let us help.

If you have any queries, please do not hesitate to contact us.

Please contact your Property Manager with any questions or to arrange for Grosvenor to start supplying your utilities.
